## *Spa Etiquette*

1. Please arrive 10 - 15 minutes before your treatment time. This allows for completion of a medical form and for your treatment to begin on time. Late arrival will limit the time of the treatment and in some cases the appointment may need to be rescheduled. Treatments will end on time so that other guests are not inconvenienced.
2. In order to retain a peaceful atmosphere and for consideration to others, we request that mobile phones be turned off or put on silent and conversations are kept low when within the treatment area.
3. We can provide robe and flip flops if required. During the treatment you will be draped with towels to ensure your privacy.
4. Men will be asked to retain undergarments or swimwear for discretion.
5. Know that you are in a professional environment and do not expect anything other than therapeutic salon services.
6. Communicate your preferences during treatments so that therapists may adjust to your requirements.
7. Do not leave children under 16 unattended. This can be disruptive to other spa visitors and unsafe for your children.
8. You may relax for a while once a treatment has been completed but please be aware that the treatment room needs to be prepared for the next client.
